KEN K-12 District WAN Link Data by Region v6
6/8/2007

Version Control

Date	Version	Name	Comments
9/21/2005	1	T. Sizemore	Original Document
11/3/2005	2	T. Sizemore	Updated District Link Info
6/14/2006	3	T. Sizemore	Added Summary & Definitions
8/10/2006	4	T. Sizemore	Updated District Link Info for Regions 1, 2, 5, 7, & 8
9/6/2006	5	T. Sizemore	Added an "all" category for District's with High Speed
9/11/2006	6	T. Sizemore	Corrected Pike Co to Partial
4/23/2007	7	G Davis	Updated all regions, renamed file, added color code
5/5/2007	8	T. Sizemore	Corrected JCPS school list

KEN K-12 District WAN Link Data by Region v6

6/8/2007

Summary

Notes:	This document is intended to list the approximate number of KY school Districts who have High Speed connections (10 Mbps or higher) as part of their local WAN infrastructure. This document is only intended as a guide since the information changes rapidly.
---------------	---

Definitions:	All: all school sites are connected at 10 Mbps or higher (campus sites are included)
	Mostly: 50% or higher of the District sites are High Speed connections
	Partial: less than 50% of the sites are High Speed connections
	None: no sites are High Speed connections
	High Speed Connection: 10 Mbps or higher

Region	All		Mostly		Partial		None		Total
1	16		3		2		3		24
2	22		2		5		1		30
3	0		0		1		0		1
4	25		4		0		0		29
5	12		5		4		2		23
6	28		1		2		1		32
7	12		2		5		3		22
8	12		2		1		0		15
Sub-totals	127		19		20		10		176
Percentage	72%		11%		11%		6%		100%

Color Code Legend

	Indicates all A1 schools are currently connected via Fiber
	District has indicated that actions are underway to install fiber connectivity within the next few months
	District has partial fiber implementation or no fiber installed but local planning includes steps to implement within the next school year
	No fiber connectivity within the district
